

Title

Scots Pendant

Description

Inspired by the trees in our own woodland the Scots Pendant wooden lampshade is hand made from individual cut leaves of wood. These wooden shingles are held by a birch wood frame, creating an organic shape that is reminiscent of the fallen pine cones found in autumn.

The attractive layers of ash wood disguise the bulb whilst playing with the light to cast a serene glow into the room. Whilst the oak and walnut options work brilliantly as downlights for surface illumination.

Made by hand in Cornwall, England from sustainably sourced wood and finished with an eco-friendly, non-toxic varnish.

To be used with an energy saving 25 watt bulb (equivalent to a 125 watt standard bulb).
